

K-LOVE is an important tool in today's world. I personally know many who listen and get inspiration from KLOVE and its message of Jesus Christ. If K-LOVE was not on the air I would not listen to the radio as it has become so difficult to listen to. People trying to out-disgust each other and see how far they can push the envelope. I need this radio station because I can let my kids listen to it and not have to worry if they will be saying off colored jokes, sexually explicit dialog or raunchy language. Yeah for free speech, but yeah for freedom of choice. My family and I choose to listen to K-LOVE. K-LOVE also is important in the community. I tell my friends and co-workers about K-LOVE's message and how it has made a positive effect on my life. I know of several people that have tuned in now and again. K-LOVE also allows musicians and other leaders in the community to freely promote community friendly events and makes me aware of things I would otherwise not know about. I sincerely hope you see the extreem disservice you would be doing to the public in general if you decide to replace this station with LPFM. You would be losing at least one family to the radio.
